

# MARKET-BASED ACCOUNTING FOR CLEAN FUELS

**Chris Cooper**  
Policy Director  
Center for Resource  
Solutions

**Quintin Barnes**  
Program Manager  
Smart Freight Centre

**Maya Kelty**  
Director,  
Regulatory Affairs  
Generate

**Ron Feingold**  
Vice President of Sustainability,  
Energy and Climate Change  
WSP

**Parikhith Sinha**  
Director of Sustainability  
Electric Hydrogen

Friday, Sep 5 11:00 AM-12:00 PM

**Renewable Energy  
Markets™ 2025**

# Market-based/Book and Claim Systems

## Systems to track and allocate the emission profile of a low emission fuel or transportation service

### Sustainability Certification System

Establish and track the sustainability profile of the fuel

### Rules for Registry

Register and track the transfer of the sustainability profile of the fuel, according to a transparent and verifiable standard

### Registry

### Accounting Framework

Account for and allocate the emission profile of the fuel in GHG emission inventories
